

integral 4PLUS

For the professional kitchen

integral 4PLUS

For the professional kitchen

Brilliant advantages

Flexible

Wall or under-the-counter mounting.

Easy

You only need only one detergent for dishes and glasses.

Safe

Lightweight refills mean any staff member can change a cartridge.

Efficient

4 kg of detergent will clean up to 1,500 baskets – thanks to our patented technology. You create less waste, which is better for the environment.

Space saving

Less weight, less effort. Say goodbye to bulky packs and manual handling.

Accurate mix

Water and cleaning agents are mixed in the correct proportions. No wasted chemicals.

Never empty

A reserve tank ensures you can't run the dispenser without product.

Secure

Integral 4PLUS makes product mix-ups impossible, RFID technology can only be accessed by authorised people.

Safe and secure cleaning

The app acts before something happens – while giving you a complete overview of conditions

Always ready to use

Does the dispenser require servicing? The app will notify you.

Informed on time

Is the detergent running out? Be prepared.

Small problems?

Not satisfied with the results? The app knows what to do.

Full control

Up to date reporting lands in your e-mail, giving you full visibility and control.

Crystal clear facts

How many dishes have been washed? How much chemical, water and energy is being used? All this information, and more, is available in the app. So you can run your kitchen from wherever you are.

Looking ahead

Compare one time period to another to plan for the future more efficiently.

Any questions?

The washing guide has tips for you.

Detergent

ecosol POWER

Liquid, highly concentrated, detergent for dishes and glasses. Extremely economical. For water from 0 to 20 °dH. Powerful and intensive against dirt. It gives shining results.

Rinse-Aid

ecosol BRITE N

Neutral, concentrated rinse-aid for glasses and dishes for a water hardness up to 15 °dH.
